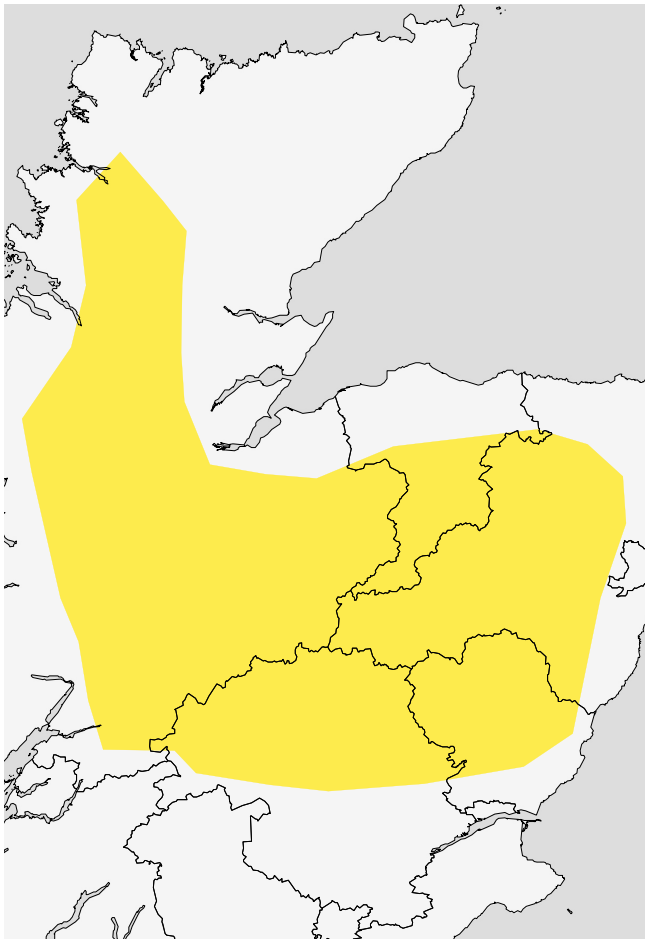
Yellow warning
Snow

Between
14:00 Fri 26 Nov 2021 and
23:59 Fri 26 Nov 2021



Spells of hill and mountain snow combined with high winds will give blizzard conditions and cause travel disruption.

What to expect

- There is a small chance of travel delays on roads with some stranded vehicles and passengers, along with delayed or cancelled rail and air travel
- There is a slight chance that some rural communities could become cut off
- There is a small chance that power cuts will occur and other services, such as mobile phone coverage, may be affected

Further details

Early wintry showers will give way to a spell of more persistent hill and mountain snow during the afternoon and early evening. The bulk of snow accumulations will be above 200 to 300 metres and above 300 metres 5 to 8 centimetres snow is possible. Snow will be accompanied by high winds giving blizzard conditions at times and causing some drifting of snow.

Reason for update

Warning area has been extended eastwards to cover more of Angus and Aberdeenshire.

Very low likelihood of medium impacts
